Welcome to The Seafood Shanty!

www.menufocus.com

The Shanty has been serving award winning food and drink on the harbor in Edgartown for over 30 years. In these times of increasing concern over our environment and diminishing natural resources, we want you to know that we are committed to providing you with sustainable products produced and gathered in an eco-sensitive manner. We have sought out wild, hormone free, responsibly caught seafood. Where farm-raised items are on our menu, we purchase only from reputable suppliers that provide top quality products. All of our seafood is hand breaded and fried in trans-fat free and cholesterol free oil. Our lobsters and lobster meat are all north Atlantic, "hard shell", wild caught, the sweetest and best available. Our fresh oysters are grown and harvested locally here on Martha's Vineyard. In short, we are trying to bring to you quality products that reflect our concern for both you and our environment.

So please accept our thanks for coming in to dine with us. We hope the beauty of our island enhances your enjoyment of the many delicious items on our menu. If there is anything else that we can do to improve your dining experience, please feel free to let us know.
